## Principal's Corner

Dear Westview Families,

Thank you for choosing Westview as the school for your child. We pride ourselves on creating an educational community of kindness, respect and engaged learning. This year will offer us some unique challenges as we have students attending in person learning on different days and some learning at home in the Digital Academy. In any model, we will begin by getting to know each other, establishing routines and procedures and beginning our first academic units of study in literacy and math and rotations in library, art, gym, and music. Staff have also been reaching out to parents to introduce themselves and share how the learning will look this year. We have many new staff to introduce you to in this first newsletter edition.

We are practicing new safety protocols and I have observed smiles behind **face coverings**, twinkling eyes, and sensed joy in being back at school. Yes, these are **unprecedented** times; we may need to **pivot** into other learning models during the year; we will become proficient in using **zoom** and knowing when to **mute**; we are learning to navigate a **pandemic** and use tools like **Seesaw** and **Schoology**. This will indeed be a **transformational** year with opportunities for us to learn essential skills, problem solve and find creative ways to communicate.

COVID-19 has highlighted that schools are vital to our society. We are committed to providing meaningful, connected experiences at Westview. Kids are **resilient**. Let's continue to practice **patience** and **kindness** as we journey through this year together.

In Unity,

Tami

## School Supply Kit Update

This year, PTO offered a new option for purchasing school supplies through the company **1st Day School Supplies**. When we committed to them, no one knew that this pandemic would be coming, that kids would be returning late, that assessments would look so different, and that needs in our classrooms and at home might change. Despite all this, **1st Day School Supplies** met and exceeded our expectations. Supplies were delivered at assessments as promised, and even with changing lines of delivery and availability for some of the items (like disinfecting wipes and facial tissue) the needs were met. Certainly many parents who didn't use **1st Day School Supplies** may have had a harder time finding wipes, for example. For parents who opted in to this program, it meant that you didn't have to worry about sourcing these supplies while doing everything else that is necessary to get ready to go back to school – either hybrid or distance learning. You could count on the specific things requested by the teachers being delivered and ready to use! The average cost for a box of supplies was approximately \$45, although obviously varied by grade. Ordering was online and easy – no searching for the school lists, no shipping costs, no driving all over to multiple stores. The time and energy saved for parents was great, and the cost was still very reasonable. There was even an option to order additional items, like t-shirts or backpacks, to even further streamline the process. We had almost 100 kids from our population of approximately 400 use the service. Next year, we hope to be back to a more “normal” school year and with that, we hope to see use of this program grow!

### NEW Student Drop-Off & Pick-Up Area

#### **NEW Student drop off and pick up information for parents and busses this year!**

For safety and social distancing purposes, we are implementing a new drop off and pick up system for students who ride district school busses, daycare vans or arrive in a vehicle.

 **Parent pick up and drop off will be IN FRONT of the school** (formerly bus area). Parents need to be parked along the yellow curb to load or unload children. Students will enter the main front doors, #1. If students arrive before 9:10, they will stand on the sidewalk using 6 ft safe spacing. After school, students will stand in family groups. Please do not pull ahead to cut into the line. Be patient and pull forward as the line moves. As you exit the parking lot, there will be a designated right turn lane and a straight/left turn lane. These will be painted onto the blacktop.

 **BIG busses will park and load and unload in the parking lane on Garden View.** Continued in next column...

Students will enter/exit door #3 (music/gym hallway doors).

 **LITTLE busses and daycare vans will drop off and pick up in the BACK area** (formerly parent drop off/pick up area) and enter/exit through the cafeteria door, #7.

**SACC** drop off and pick up will continue to be at the back area and enter through the cafeteria door.

### Westview Garden Update

The Westview Victory Garden had a great season and produced many fresh vegetables for our Bulldog community to enjoy. The garden started as many small seeds in March and it was fun to watch them sprout and grow all summer long. A special thanks to Lorinda Miller, Westview's kitchen manager, for taking over the responsibilities of getting the garden up and running this summer! She coordinated the volunteers and communicated with everyone all summer long. Another huge thank you to all the families who volunteered a week of their summer to tend to the garden, weed, and water. We wouldn't have had vegetables without everyone's help. Look for more communication next spring if you would like to get involved and help with the garden in the summer of 2021!

### Summer Reading Program in Review

This past summer over 70 Westview families participated in a Summer Reading Program, where children could select enrichment books at their current reading level to read and return the following week. This program was a huge success with much positive feedback as seen below. Thanks to the many parent and staff volunteers who kept us Bulldog STRONG all summer long.

*"Program was great!!! My kids enjoyed it."*

*"I really appreciated this opportunity for my son, especially with everything else closed down. He really enjoyed getting new books every week."*

*"I just wanted to say thank you (to all involved) for providing this opportunity this summer. It's been so helpful for my kids. I feel like they have not lost their reading skills as they otherwise may have. We look forward to participating again next year."*

*"As a volunteer I so enjoyed the excitement in the kids and the thankful, dedicated parents who attended week after week."*
